- Managing and maintaining customer data for working patterns, location, access times and usage rates
- Monitoring all internal and external levels of service and key performance indicators (KPIs) used in the measurement of customer satisfaction, safety, and cost management

### What makes you great

- You speak Polish fluently and have advanced English or Hungarian skills
- Further you have a high school diploma, an educational background in Logistics (preferred)
- You possess 1-2 years of relevant work experience, preferably in the area of Logistics
- You own excellent communication skills
- Solid knowledge of MS Office applications

### Why you will love working with us

Thinking outside of the box, working on new topics and concepts, deliver great solutions to our internal customers is essential to bring success to our business. We will offer you a variety of possibilities to excel in your area of expertise. You will contribute towards making Linde an inclusive and diverse organization, creating innovative practices and fostering an environment that welcomes all differences – making Linde an employer of choice.

Linde acts responsibly towards its shareholders, business partners, employees, society and the environment in every one of its business areas, regions and locations across the globe. The company is committed to technologies and products that unite the goals of customer value and sustainable development.

### What we offer you!

At Linde, we are proud to provide our employees long-term perspectives and a stable background. Our compensation package consists of several elements such as extensive fringe benefit-system, accident-and life insurance, interest free company loan for housing and training opportunities. In the recent years we have implemented an employee well-being program with more than 30 initiatives focusing on flexible working arrangements, digitalization, employee experience, extended training opportunities, talent development program and community events.

### Have we inspired you? Let's talk about it
